- InDesign, Illustrator, Photoshop

Tel Aviv, January 2023

Brief

Highly committed developer and designer with experience in Vue, React, TypeScript and high proficiency in several spoken languages. Seeking a full-time role where I can use my skills and passion for aesthetics both in code and interface to make a positive impact.

Work

2022–now Developing Vue configurator app for *VanDeBord* featuring a performant drag and drop UI for configuring modular shelving system, calibrated to match real-world behavior and connected to the ShopWare API.

2022–now Developing and maintaining a React.js app for *Senf*, including building global modal components, survey forms and analytics visualization, implementing Firebase cloud functions, and refactoring the existing code base.

2020–now Developing and maintaining a Vue configurator app for *Raumvonwert GmbH*, including writing an algorithm for possible step/slope variations in a modular staircase, designing and generating PDFs, and creating a customer-facing UI.

2018–now Freelancing for *Meisel Webdesign*, developing mostly WordPress based websites for clients like the *German Red Cross*, *Usetree* and others

2018–2022 Developing *Spaces*, an WordPress based online communications platform, as a student assistant

2013–now Freelance work as graphic designer and full-stack developer

Education

2017–2022 B.A. in Integrated Design from *Köln International School of Design*, with a thesis on typographic hierarchies in Israel's public spaces and a resulting Vue app for typographic discourse.

2019–2020 Two semesters in Visual Communication Dept. of *Shenkar College of Engineering and Design,* Ramat Gan

2015 Abitur (highest school diploma) at *Freie Waldorfschule Überlingen*

Internships

2017 2-months in graphic design studio *Büro Dawallu* in Berlin

2016 3-months in industrial design agency *Ymago* in Buenos Aires

Voluntary Activity

2018–2019 Voluntary work teaching a German course at *Integrationshaus* in Cologne

Experience Abroad

2018 Cooperative design project with the *RMIT* and associated therewith four weeks in Victoria, Australia

2013–2014 Photography project on capturing the passing of time. Germany, Spain, Italy and USA
